### What can I expect at the Public Meeting?

The public meeting is an opportunity for members of the public to learn more about the proposed development. Attendees have the opportunity to hear a brief presentation about the development, ask questions, and/or make statements either in favour of, or in opposition to the development. No decisions are made at this meeting, it is an opportunity to learn and provide feedback.

### What is being proposed through the applications?

The subject property is approximately 20.2 hectares (50 acres) in size, but the development is proposed on approximately 6.83 hectares (16.88 acres) of land. The lands are designated as 'Rural' and 'Wetlands' in the County Official Plan. The purpose and effect of the proposed Official Plan Amendment would be to re-designate approximately 6.83 hectares of the 'Rural' portion of the subject lands to the 'Space Extensive Industrial and Commercial' designation. No development would occur within the Provincially Significant Wetlands designation, but some development is proposed within the adjacent lands of this feature. The proposal includes two buildings joined through a pergola enclosure. The 'main building' would be used for retail, administration and office space; while the smaller building would include a shop, storage space and washroom facilities. The application also proposes 89 parking spaces (including 53 visitor parking spaces and 2 barrier free; 18 employee parking spaces; and 18 spaces for truck and trailer parking along the rear north side yard). Outdoor storage for mulch, soil, stone, docks, and landscaping supplies is also proposed, along with two plant housing structures. Landscaped areas are proposed along the north and south side yards, within the parking lot, around the buildings and along Grey Road 18. One access point is proposed at the northeast corner of the subject lands, from Grey Road 18. Finally, a stormwater management pond is proposed along the southern property boundary.

The lands are zoned as 'Rural' (RU) and 'Environmental Protection' (EP) in the Township of Georgian Bluffs Zoning By-law. The Zoning By-law Amendment would implement the Official Plan Amendment and amend the Township's Zoning By-law by rezoning approximately 6.6 hectares of the Rural zone to 'Highway Commercial – Site Specific' (C4 – Site Specific), while maintaining the Environmental Protection lands. The proposed exception will include the following:

- To permit additional uses including Open Storage, Accessory Bulk Sales Establishment and Contractors Yard;
- To permit a front yard setback of 17.5 m where 20 m is permitted; and
- To permit a height of 11.5 m where 10 m is permitted.

A Planning Justification Report and sample architectural drawings have also been provided. A picture of one of the conceptual drawings has been included above.
