STILL A FAMILY RUN BUSINESS...

*"At Chapman's, we've
been making perfectly
delicious ice cream and
frozen treats since 1973."*

Today, Chapman's is the largest independent ice cream manufacturer in Canada. Their product lineup includes more than 280 frozen treats including premium ice cream, frozen yogurt, sorbet, water ice lollies, and a range of novelties. They take pride in offering delicious, high-quality products for the kid in all of us. From rich, real dairy ice creams to lower calorie, gluten free, lactose free, peanut free, nut free and sugar free, they've got something for every member of your family - because they believe that everyone should be able to scream for Chapman's.

Chapman's ongoing dedication to developing innovative products every Canadian can enjoy has been recognized by several health organizations and has earned Chapman's numerous national and international awards.

After all these years, Chapman's is still a family-run business. David and Penny continue to come to work every day. And thanks to their son Ashley, their dream of offering high-quality ice cream at a family-friendly price continues.
