

WINDOW VISIT

REMINDERS

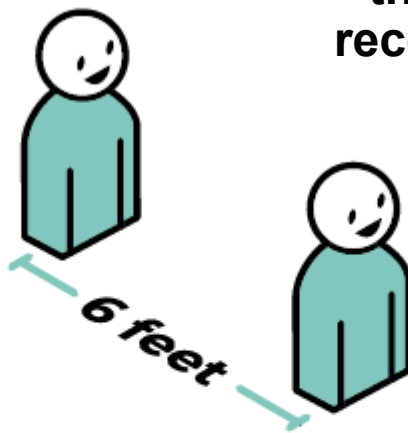

PROTECT YOURSELF AND THOSE AROUND YOU

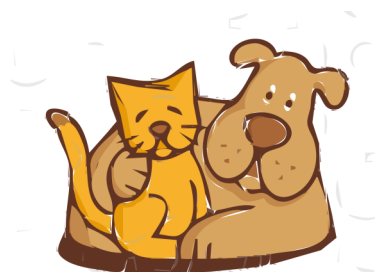

Window Visits are limited to once a week.

Groups of visitors should only contain persons that live in the same household and it recommended that mask/face covering is worn

In order to keep everyone safe, maintain the recommended 6 feet/2 metres apart from other residents and visitors on the property

Pets are allowed but we ask that they remain on a leash

Please leave any items for your family member at the Screener desk

THANK YOU FOR YOUR COOPERATION

Please Note: Failure to follow these guidelines may result in future visiting restrictions
