Dear Shakir Rehmatullah,

**RE: Addendum to Environmental Impact Study – Glenelg Phase 2, Residential Subdivision
231 Glenelg Street, Dundalk, Ontario**

SLR Consulting (Canada) Ltd. was retained by Southgate Meadows Inc. to undertake two Environmental Impact Studies (EIS) under a two-part initiative in support of a County of Grey, Township of Southgate Official Plan Amendment, Zoning By-law Amendment, and Draft Plan of Subdivision. The lands are described legally as Part of Lots 225 and 226, Concession 2, Southwest of the Toronto and Sydenham Roads, in the Township of Southgate within the County of Grey. The EIS for Phase 1 of the project was completed in September 2018 and the Phase 2 EIS was completed in September 2020.

In March 2022, the Phase 2 Draft Plan of Subdivision was revised to include Blocks 131 and 132, which were originally included in the Registered Phase 1 Plan. These changes have been reviewed against the findings of the Phase 1 and 2 EIS, both of which have been reviewed and accepted by all commenting agencies. As these blocks were originally included in the Phase 1 EIS, the changes described above do not affect the conclusions of either the Phase 1 or Phase 2 EIS and can be supported from a natural heritage perspective.

Yours sincerely,
SLR Consulting (Canada) Ltd.
