

# A TASTE OF PLACE

Grey County businesses take pride in growing, processing and partnering locally, and welcoming visitors with great experiences.

## BRUCE WINE BAR, THORNBURY

Chef Shaun Edmonston of Bruce Wine Bar offers a menu that is as seasonal and local as possible, working with a dozen nearby farms who deliver fresh locally grown, raised and foraged foods right to the kitchen door. Every plate served is a work of art and a true taste of Grey.

## T&K FERRI ORCHARDS, VICTORIA CORNERS

Tom and Karen Ferri produce ultra-high quality apples for premium markets using the super-spindle method, which they teach to other orchardists from around the world. You can shop at their orchard market during harvest season, or visit the farm for other special events co-produced with local partners.

## MACLEAN'S ALES, HANOVER

Born in Toronto and trained in England, brewmaster Charles MacLean chose Grey County for a quieter life, and an affordable place to establish and expand his business. MacLean's Ales has a retail tasting room at the brewery, buys local hops whenever possible, and hosts lively on-site events.
