Types of Exemptions not Accepted:

The County of Grey will generally not accept/approve an ‘Application for Exemption’ for the following:

- a. Conversions of existing buildings that are more than 10 years old. Buildings constructed more than ten (10) years prior to the date of application will not be considered for an Exemption and shall be subject to Conditions of Draft Approval;
- b. Proposals for Vacant Land Condominiums;
- c. Proposals that have not been subject to Planning Act approval (i.e., approval of a Zoning By-law Amendment, Official Plan Amendment or a Minor Variance) within three (3) years of the date of ‘Application for Exemption’ unless it is accompanied by a resolution of the Local Municipal Council stating that all matters under Section 51 and 51.1 of the Planning Act have been addressed to their satisfaction; and that the Local Council supports the request for exemption for

these sections of the Planning Act;

- d. Any other proposals at the discretion of the County of Grey and review agencies.

***Additional copies may be required if the application is appealed**

Condominium Exemptions:

Pursuant to Section 9(2) of the Condominium Act, 1998, an application for approval of a Condominium/Condominium Conversion is to follow the same planning approval process as a subdivision. The County of Grey can however exempt applications from the full approval process.

An 'Application for Exemption' recognizes that the proposed development has 'recently' undergone Planning Act approvals and that sufficient safeguards are in place due to the requirement for a Site Plan Control Agreement or a Development Agreement. Conditions of Draft Approval therefore may not be required and the development may be able to proceed directly to Final Approval.

The Condominium Plans that are submitted to the Planning and Development office for Final Approval must show all of the buildings that are on the Site Plan/Development Agreement as approved by the local Municipality. The site must also be completed/constructed in accordance with these Agreements. If all site plan items have not been completed at the time of an 'Application for Exemption', Final Approval by the County will only be granted provided adequate security for incomplete items has been posted.

The submission of an application for approval of an Exemption to the approval of a Condominium Description is provided for under Section 9(6) of the Condominium Act. The County of Grey has delegated the ability to grant an exemption to the Director of Planning and Development. The procedure will be initiated once the completed application form, application fees, and necessary supporting material are received by the Planning Department. This form must be completed and accompanied with the required fee prior to consideration by the Director of Planning and Development.

Approval Process:

Upon receipt of an application, the required fee and the information as required; the County will determine whether there is sufficient merit in processing the application further. The County shall receive any written submissions, confer with any persons or public bodies as deemed necessary and give full consideration to the application. Based on the received comments the Director of Planning and Development may give approval to the application or recommend that the application be subject to Sections 51, 51.1 and 51.2 of the Planning Act.

Concerns or issues raised as a result of any submission must be addressed prior to Final Approval or the development will be classified as not suitable for Exemption.

Exemption will not be granted if outstanding municipal requirements i.e., Site Plan Control Agreement and/or Development Agreement(s) have not been completed to the satisfaction of the County/local Municipality.

The completed application form and supporting documentation should be returned to the above noted address.
