

Notice of Public Open House and Workshop

Green in Grey - Natural Heritage System Study

Grey County is undertaking a Natural Heritage System Study to help develop policies and approaches to dealing with the natural environment. The Provincial Policy Statement requires that these Natural Heritage Systems be identified and this study will seek to balance the protection of the natural environment with the continued need for development in Grey County.

Community Consultation

Two open house/workshops are being held in order to solicit public input on the maps that have been prepared and the suggested policy approach for dealing with the creation of a Natural Heritage System.
