Dear Mr. Robins:

Part Lot 5, Jones Range; Roll Number: 42-03-620-006-22500-0000
Township of Georgian Bluffs, formerly Keppel Township

The Grey Sauble Conservation Authority (GSCA) has received the 'Servicing Design Brief & Stormwater Management Report' prepared by your office. Based on our review of this report, we find that it generally meets the criteria set out through the draft approval process.

As such, we are generally satisfied with the Stormwater Management (SWM) approach as presented. We request circulation of any future iterations of this report for our review and comment.

Once available, we request a copy of the proposed subdivision agreement between the Township and the Developer, for our review and comment.

If any questions should arise, please contact the undersigned.

Regards,

Tim Lanthier
