Policy Statement

The County of Grey owns approximately 8500 acres of forested property and approximately 170 kilometres of recreational trails. The County is striving to encourage appropriate public usage of these properties and encourage land use agreements with all users of these properties.

Purpose

To provide consistent agreements for use of trails and forested properties as well as access to landowner properties over existing trails.

Scope

This policy will encompass all agreements related to recreational trail uses and crossings over trails to access landowner property.
