

Introduction

Grey County contains some of Ontario’s greatest off-road trails and terrain. On occasion, operators of all-terrain vehicles and off-road vehicles (ATVs) need to travel on Grey County roads to connect with trails or reach their destination.

On September 6, 2016, Grey County Council passed by-law 4945-16 allowing the use of ATVs on certain Grey County roads as a trial. County Council will revisit the decision in one year.

Uses and Restrictions

- ATVs are allowed on specified Grey County Roads from sunrise until sunset, May 1 to November 10.
- All ATVs using Grey County roads must be licensed and insured.
- Drivers must follow all other laws, including the *Highway Traffic Act* and *Off-Road Vehicles Act*.

Violations of the ATV by-law may result in a fine.

What County Roads can I drive on?

For the safety of ATV operators and other road users, not all County roads permit ATVs. ATVs are permitted on all Grey County roads except for those listed on the following chart. See map for more details.

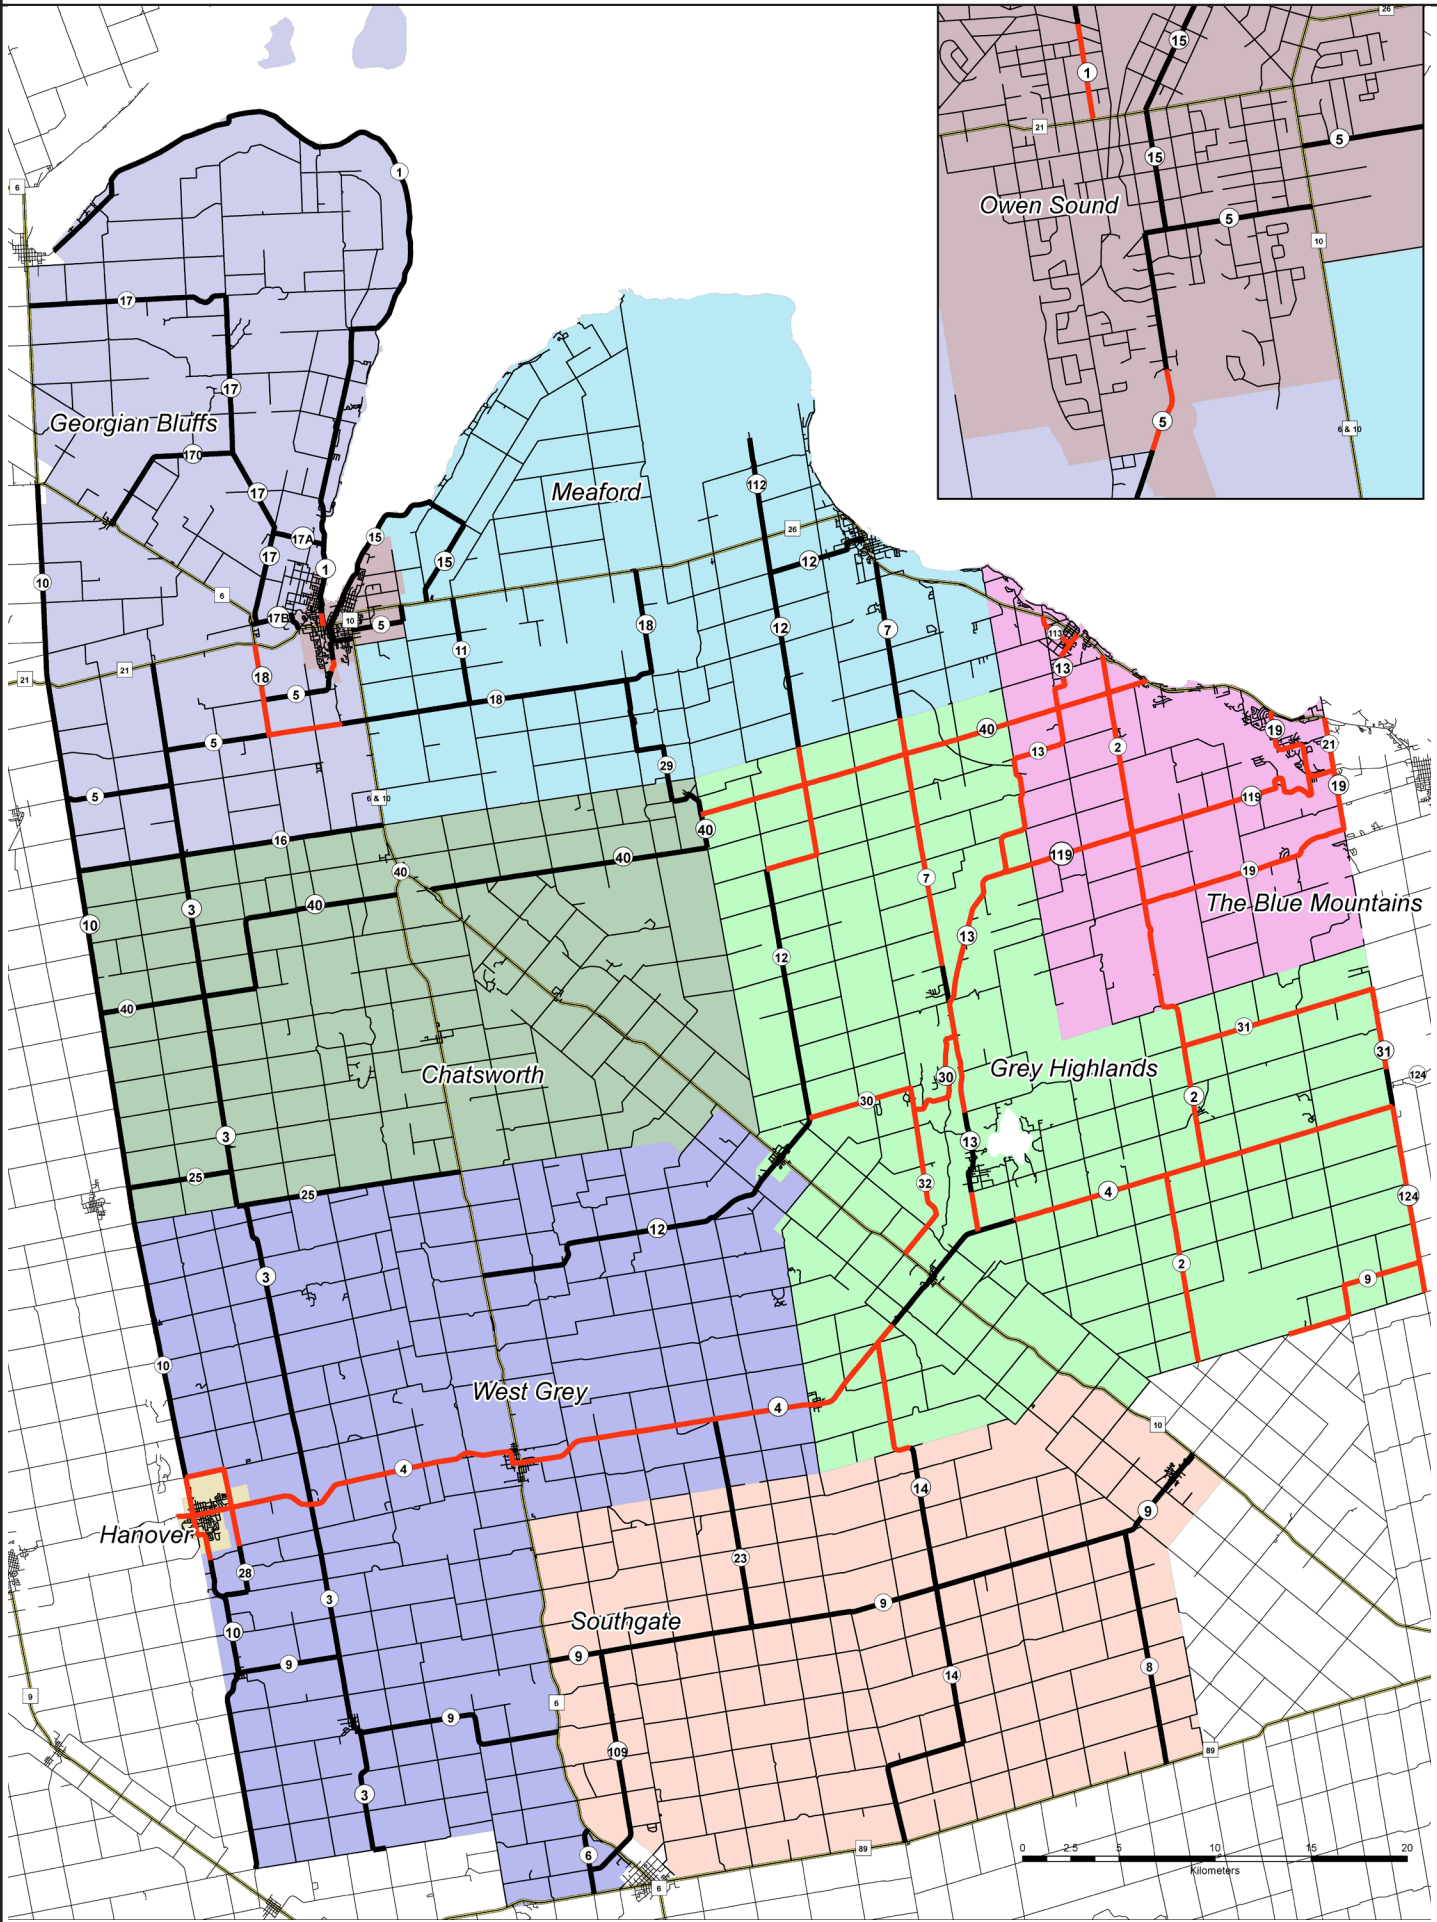

For details about local roads, please contact your municipality.
