Policy Statement

A written code of conduct helps ensure that the members of council, advisory committees and local boards of the municipality (as defined in the Municipal Act) share a common basis of acceptable conduct.

Purpose

These standards are designed to provide a reference guide and a supplement to the legislative parameters within which the members must operate. These standards should serve to enhance public confidence that Grey County's elected and appointed representatives operate from a base of integrity, justice and courtesy.

Scope

The Code of Conduct shall apply to all members of council, advisory committees and local boards of the municipality as defined in the Municipal Act.
