Instructions:

When Draft Plan Approval is granted, there are usually a number of conditions to be met by the applicant prior to final approval and registration of the plan of subdivision or condominium description. Among the conditions is usually a requirement that the owner enter into an agreement with the local municipality regarding matters such as the construction of roads, servicing and parkland dedication. The responsibility for fulfilling the conditions of draft approval rests primarily with the developer, as does the timing involved.

If the M-plan submitted to the Planning Department for Final Approval does not match the draft plan approval drawing, final approval will not be granted by the County of Grey. An Application for a Minor or Major Revision to the Draft Plan of Subdivision or Condominium Description will be required. Please contact the Planning Department at the address listed above.

The Draft M-plan of Condominium Plan of Survey must be reviewed by the Land Registry Office (Grey) for technical clearance prior to final submission to the County of Grey Planning Department. Failure to obtain technical clearance may delay the registration of the plan/description.

The plans for Final Registration will be delivered to the Land registry office by the Director of Planning.
